ONLY TWO WEEKS LEFT TO ORDER YOUR YEARBOOK!!

Orders will be taken until February 20. We will not be able to accept any late orders after February 20. Order forms went home with students this week. Checks or cash accepted only. Yearbooks will be distributed in May.

Car riders should pull up to the “Drop Off” sign if you are the first car being loaded. This assists us in loading more than one car at a time. For safety reasons, have your child enter on the right side (passenger side) of the vehicle. PLEASE DO NOT exit your vehicle to assist your child in getting in the car. That is why our staff is there. PLEASE secure booster seats in the main parking lot after you have picked your child up.

As cars approach the student pick-up area, a staff member will alert the student by calling his/her name. The student will proceed to the designated boarding area to be dismissed. While students are waiting, the noise level is to be quiet so each student can hear their name being called.

Please help us by reminding your child of this matter. •If a student is not ready for any reason, we may ask you to go to the end of the car rider line. This keeps the flow of traffic moving as well as everyone safe.

Please keep the car-rider line moving. Do not stop to have a conversation with the car-rider staff. If you need to speak with your child’s teacher, you will need to call the school office and set up an appointment. Or you may email your child’s teacher. Please do not pull around another car unless instructed to do so. For safety reasons, please do not talk on your cell phone while in the car-rider line and in the school zone.

Influenza is very prevalent in our area. The best prevention methods include: getting the flu vaccine, covering your cough and/or sneeze, disinfecting frequently touched items, avoid touching eyes, nose, & mouth and **WASHING HANDS!**

You can prevent spreading illness to others by keeping your sick children home from school until they have been fever free WITHOUT medication for 24 hours.
