READING READY!

PLE teachers continue to work with students on reading skills in the classroom. Our students are exposed to a variety of approaches. We monitor each student's progress and we celebrate successes and intervene when students have difficulty. One of the helpful tools available to us is the NWEA MAP Reading Fluency. This Screener gives us a wide variety of information about a child's reading abilities. Porter Lakes students in grades kindergarten through second grade will take this screener this fall. We will utilize these results to address and deficits in areas of reading.
