### READING READY!

PLE teachers continue to work with students on reading skills in the classroom. Our students are exposed to a variety of approaches. We monitor each student's progress and we celebrate successes and intervene when students have difficulty. One of the helpful tools available to us is the NWEA MAP Reading Fluency. This Screener gives us a wide variety of information about a child's reading abilities. Porter Lakes students in grades kindergarten through second grade will take this screener this fall. We will utilize these results to address deficits in areas of reading.

### Nurse Notes

Families: If your student has needed to borrow clean clothes from the nurse's office, we do need those items returned. My office is critically low on clothing needed for students. Unfortunately, if your student will require a change of clothes during the school day and we do not have any, you will be called to bring some to them. Also – 3<sup>rd</sup> Grade Parents: I completed vision screens on every 3<sup>rd</sup> grade this week. If your child wears glasses, they were not screened. If your child "failed" the screening, I will test them again and you will be notified before the end of October. Please take the time to speak with them about their vision. My screening cannot pick up complaints of flashing lights, color issues, or vague complaints. Thank you!
